ACADEMIC AND PROFESSIONAL APPOINTMENTS

Adjunct Professor – ENSAE Paris, Polytechnic Institute of Paris *2025–**Present**, France*

- Designed and currently teach the graduate course *Artificial Intelligence for Business Decisions*, combining machine learning, generative AI, causal inference, and practical business applications.
- Student evaluations: 95% overall satisfaction, 100% pedagogical quality, 95% course interest.

Economist II – Amazon, People Experience & Technology Central Science Team *2023–**Present**, France*

- Conducted applied economic research evaluating organisational policies affecting more than 1.5 million employees worldwide.
- Developed and deployed scientific solutions to improve employee experience by studying workplace thermal conditions, informing multimillion-dollar investments annually.
- Developed and deployed a production AI system using text corpora for information extraction and data augmentation, enabling market monitoring while reducing manual effort by 90%.
- Translated empirical findings into evidence-based recommendations for senior leadership, informing global workforce strategy.
- Collaborated with economists, applied scientists, data scientists, behavioural scientists, engineers, and cross-functional business leaders to develop scalable analytical tools.
- Mentored early-career scientists, supervised economist interns, and delivered training on causal inference and AI.

Economist – Amazon, Employee Experience & Relations Science Team *2022–2023, France*

- Led global causal evaluations of learning and development (L&D), onboarding, and workforce training programs impacting over 1 million employees, informing strategic investments, program launches, and global scale-up decisions.
- Estimated the effects of organisational interventions and identified drivers of employee experience.

Postdoctoral Researcher – Université Paris-Dauphine – PSL *2021–2022, France*

- Conducted cross-country applied research for the European Commission-funded SHARE-COVID19 project using survey microdata on adults aged 50 and older.
- Studied housing, well-being, vaccination, and socio-economic outcomes, resulting in peer-reviewed articles and book chapters.

Academic Instructor – Universidad Carlos III de Madrid *2017–2021, Spain*

- Taught graduate Microeconometrics and Game Theory and undergraduate Microeconomics, Economics of Education, and Advanced Mathematics; ranked in the top 5% for teaching excellence.

EDUCATION

Ph.D. in Economics – Universidad Carlos III de Madrid *2021, Spain*

- Dissertation: *Three Essays in Empirical Public Economics*; awarded *Cum Laude*.

M.A. in Economic Analysis – Universidad Carlos III de Madrid *2017, Spain*

M.A. in Economics – New Economic School *2015, Russia*

B.A. in Economics – Lomonosov Moscow State University *2012, Russia*

RESEARCH INTERESTS

Quantitative Marketing; Digital Platforms and Marketplaces; Artificial Intelligence and Economic Decision-Making; Labour and Personnel Economics; Health Economics.

- **2022:** National Association for Business Economics (NABE), Seattle, USA (Presenter).

RESEARCH VISITS

- **November 2021:** Center for Monetary and Financial Studies (CEMFI), Madrid, Spain.

TEACHING EXPERIENCE

ENSAE Paris *2025–**Present**, France*

- Graduate level: *Artificial Intelligence for Business Decisions* (Course Designer and Instructor).

Universidad Carlos III de Madrid *2017–2021, Spain*

- Graduate level: Microeconometrics; Game Theory.
- Undergraduate level: Microeconomics; Economics of Education; Advanced Mathematics.
- Course Organizer: Mathematics Preparatory Course (Ph.D. and M.A. levels).

AWARDS, GRANTS AND ACADEMIC DISTINCTIONS

- **2022:** Qualified for Maître de conférences, Section 05 (Economics), France.
- **2020:** Special Mention, III Nada Es Gratis Prize for Job Market Papers in Economics.
- **2016–2021:** FPI Research Grant, Spanish Government.
- **2018–2019:** Teaching Excellence Awards, Universidad Carlos III de Madrid.
- **2015–2016:** Full Scholarship and Tuition Waiver, M.A. in Economic Analysis, Universidad Carlos III de Madrid.
- **2009–2012:** Scholarship for Academic Excellence, Lomonosov Moscow State University.

REFEREE SERVICE

Health Economics; *Applied Economics*; *Population and Development Review*; *Comparative Economic Studies*; *Journal of Happiness Studies*; *Journal of Baltic Studies*.

RESEARCH METHODS AND TECHNICAL SKILLS

Methods: Causal inference; econometrics; field experiments; policy and program evaluation; machine learning.

Artificial Intelligence: Generative AI; large language models (LLMs); prompt engineering; retrieval-augmented generation (RAG); information extraction; AI model evaluation and production deployment.

Programming and Tools: Python; SQL; Stata; AWS SageMaker; AWS Bedrock; AWS Lambda; AWS S3; Amazon QuickSight.
